Providing the community with the keys to lifelong learning.

The Makery Collection Policy

Purpose

The purpose of the Makery Collection Policy is to set guidelines to protect the collections, equipment, and property of the library for present and future users, and to provide for equitable access to the resources within the collection for SWAN library cardholders, with reservation priority given to Westmont cardholders. In order to assure the integrity of the Makery collection, users will be required to undergo a training orientation and fill out appropriate equipment user agreements in order to be granted access. If a cardholder is under the age of 18, a parent or legal guardian will be responsible for signing a waiver granting access to the collection.

Access

When not offered through a program, the Makery equipment is a collection that is only available to SWAN library cardholders with cards in good standing. The collection consists both of equipment that can be used in the library by SWAN library cardholders, as well as equipment that can be checked out only to a Westmont cardholder. Items in the Makery collection are not holdable and must be checked out in person. A limit on the number of participants that may use a Makery tool at one time may be imposed. Some equipment within the collection may have associated fees; please see the Schedule of Fines and Fees for further details.

Information on current Makery equipment and projects are available at www.westmontlibrary.org/makery.
