## Plaza Construction Completed

The final stages of the 2011 Pavement Improvement project were completed in July and the final touches

are being placed on the plaza area!

We addressed several issues such as crumbling stairs, a sinking concrete plaza, and broken lights from too many car hits. Drainage was also a problem with water collecting in the high pedestrian traffic area. Water also seeped into the library basement during heavy rains.

Once all of the

functional and safety issues were addressed, a design was created that would include outdoor seating and provide a more welcoming feel. In the midst of all the construction, we only had to close one day!

A special thanks to all the residents who visited us and were so patient during construction! We hope you enjoy the new and improved plaza!

## Annual Report Highlights

By Christine Kuhn, Library Director

We are busier than ever with circulation of books, magazines, DVDs, CDs, videogames and more up 14.5% over the previous fiscal year, and 260% over the last ten years.

I attribute this to our ever-improving collection and the economy. As people look for free or inexpensive ways to improve their job skills, repair their homes, help their children in school, or be entertained, they remember the public library. We make more than 400 library cards per month. Our collection has many new titles in a variety of formats, including our newest services, e-books and

early literacy kits. Our By-the-Numbers Annual Report is available at www.westmontlibrary.org.

Attendance at programs has been through the roof! We increased the number by 25% over last year and your participation increased 63% -more than 9,800 people! Most popular are our Storytimes and the Storytime Toddler and Me Playgroup (STAMP). Our hands-on computer classes usually fill within a week of posting. Watch our website for more classes.

The greatest challenge facing WPL is keeping up with your increasing demand

without increasing our overhead costs. As you may know, the Library Board, for a second year, chose to abate taxes in order to honor the voter approved tax rate of 19mils (2006 election), resulting in a 5% reduction in the budget and about \$10 in tax savings to the "average" homeowner.

We are managing the cuts in the budget by using our reserves and seeking more grants. The reserves are intended to maintain the public's investment in the 20 year-old building with all the wear and tear of your more 155,000 visits per year. We look forward to meeting that challenge!
