

Beanstack desktop instructions: How to **sign up**...

- 1 Visit our Beanstack site, westmontlibrary.beanstack.org in your browser.

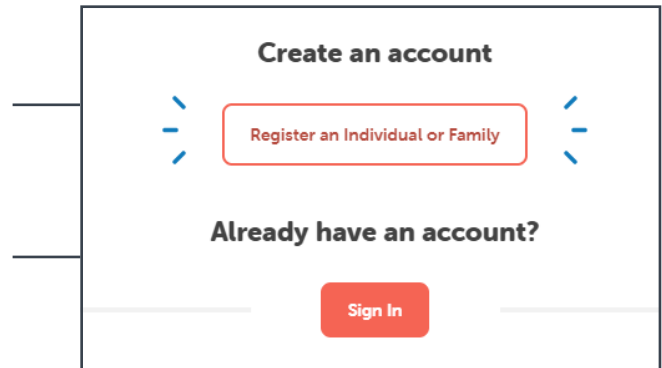

- 2 Scroll down the page.

If this is your **first time** using Beanstack, click on

Register an Individual or Family.

OR

If you **already have a Beanstack account** from a prior program, such as Summer Learning or Westmont Reads, click on **Sign In** then enter your email and password when prompted. When you sign in, you'll be prompted to register existing Readers for the current challenge.

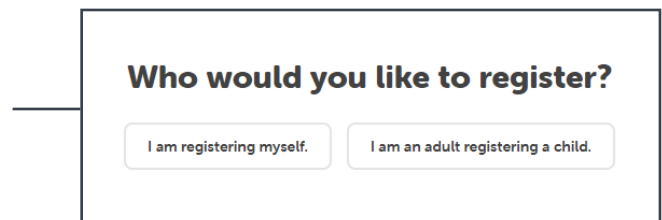

- 3 **CREATING A NEW ACCOUNT:**

After choosing to Register, select whether you're making an account for yourself or you're an adult registering a child.

Choose **I am registering myself** to register as a Reader (participant) for the challenge matching *your* age.

Choose **I am an adult registering a child** to create an account and add the child whose information you enter as a Reader (participant) for the challenge matching *their* age.

Fill in all required information. The email and password you enter will be used to sign in for *yourself and all Readers* (participants) you add.

No matter which option you choose, *you always have the ability to **add more Readers** (participants) to your account for this program or a future one.*

- 4 **ADDING READERS:**

You can continue to add Readers during the new account registration process. They'll be automatically prompted to sign up for the challenge matching their age.

OR

At any time after creating a Beanstack account, you can log in and add a Reader! Just click on the name of the Reader currently selected in the upper right corner of your screen. Then, choose **Add a Reader** from the dropdown.
